

Attention: Primary School Mathematics Teachers

Managing problem-solving in the NumberSense classroom

NumberSense Mathematics Programme

Brombacher and Associates (Aarnout Brombacher) is presenting a one-day workshop for Foundation Phase Numeracy and Intermediate Phase Mathematics teachers on *Managing problem-solving in the NumberSense classroom*.

In this workshop we will explore:

- The role of routine in structuring learning in a NumberSense classroom.
- Effective, research-based approaches to using problems to teach mathematics for understanding, application and reasoning.
- Trajectories of age, grade and number range appropriate problem-solving strategies.
- Developing and managing problem-solving.

Date: Sat 16 November 2019

Venue: St John's Pre-Prep

St Patrick Rd, Houghton JNB

Time: 08:30 till 15:30

Cost: R 600

The cost per participant is R600 (VAT incl.) and includes: teas, a light finger lunch AND four NumberSense Workbooks for the grade that the participating teacher teaches¹.

To attend, please **REGISTER ONLINE** at www.NumberSense.co.za/shop or submit your details by email (orders@brombacher.co.za) or fax (021-706-3779) to Shirlaine or Fierdous (tel: 021-706-3777). On receipt of your details we will fax/email you an invoice which must be paid to reserve your place at the workshop. Spaces are limited so book early to avoid disappointment!
