Conference
2022

RAISING THE CURVE:
TAKING STEPS TO SPREAD NUMBER SENSE
16 & 17 SEPTEMBER 2022

CONFERENCE

The NumberSense Mathematics Programme provides an innovative approach to teaching mathematics in the early years. The programme provides comprehensive curriculum coverage. Popular in classrooms, the programme has been adopted by a wide-range of teachers and schools across the country, as well as a variety of organisations that incorporate the programme materials into their social responsibility outreach activities. The 2022 NumberSense Mathematics Programme User Group Conference will be a gathering of NumberSense Programme users (teachers, parents and others) sharing experiences, networking and learning about product developments. The conference, hosted in an inspiring setting, will support users to maximise the potential of the NumberSense Mathematics Programme in their work.

DATE & VENUE

16 and 17 September 2022
The Avenue, V&A Waterfront, Cape Town

EARLY REGISTRATION

R 2 900 available until 18 July 2022.
