

Attention: Primary School Mathematics Teachers

How the NumberSense Mathematics Programme works

NumberSense Mathematics Programme

Brombacher and Associates (Aarnout Brombacher) is presenting a one-day workshop for Foundation Phase numeracy and Intermediate Phase mathematics teachers on ***Reasoning, a critical life skill: the role of the NumberSense Mathematics Programme in developing reasoning.*** The workshop is ideal for teachers from Grade R to 7 who are either new to or already familiar with the NumberSense Mathematics Programme and want to use it to maximum effect.

In this workshop we will explore:

- The role of manipulating number in developing reasoning;
- The role of patterning (pre-algebra) in developing reasoning;
- The role of geometric thinking in developing reasoning;
- The role of fractions in developing reasoning; and
- The implications for making a success of the NumberSense Mathematics Programme.

Date: Sat 27 August 2022

Venue: Uplands Preparatory,
Danie Joubert St, Extension,
White River, 1240

Time: 08:30 till 15:30

Cost: R 550

The cost per participant is **R 550 (VAT incl.)** and includes: teas, a light finger lunch and workshop handouts (if any). **NOTE:** In the spirit of reducing the cost of the workshops, teacher workshop packs will no longer include a set of workbooks¹.

To attend, please **REGISTER ONLINE** at www.NumberSense.co.za/shop or submit your details by email (orders@brombacher.co.za) or fax (021-706-3779) to Shirlaine or Fierdous (tel: 021-706-3777). On receipt of your details we will fax/email you an invoice which must be paid to reserve your place at the workshop. Spaces are limited so book early to avoid disappointment! Note: cancellations made less than 48 hours before the workshop cannot be refunded.

PARTICIPANT DETAILS: Mpumalanga (Uplands Preparatory) 27 August 2022
