Understanding, and implementing, the NumberSense Mathematics Programme (*NumberSense Comprehensive Workbooks*)

The NumberSense Mathematics Programme (Aarnout Brombacher[1]) is presenting a one-day workshop for Grade R to 7 numeracy/mathematics teachers.

In this workshop we will explore:

- *Understanding the NumberSense Mathematics Programme.*
- *Features of the NumberSense Comprehensive Workbooks and the impact on lesson plan development.*
- *Teaching mathematics for understanding, application and reasoning.*
- *Developing mathematics lessons using the NumberSense Comprehensive Workbooks and other resources.*
- *Supporting effective concept development in a NumberSense classroom.*

Date: Sat 2 March 2024

Venue: Woodhill College,
43 De Villebois Mareuil Dr,
Pretoriuspark, Pretoria, 0043
(Martin van Breda Auditorium)

Time: 08:30 till 15:30

Cost: R 650 per person

The workshop is targeted at teachers from Grades R to 7 who are new to, or unfamiliar with, the implementation of the NumberSense Mathematics Programme. Alternatively, for those wanting a refresher, or greater insight into the NumberSense Comprehensive Workbooks, this is a good option.

The cost per participant is **R 650 (VAT incl**.) and includes: teas, a light finger lunch and workshop handouts (if any).

To attend, please **REGISTER ONLINE** at **www.NumberSense.co.za/shop** or submit your details by email (orders@NumberSense.co.za) to Shirlaine or Sue (tel: 021-706-3777). On receipt of your details we will email you an invoice which must be paid to reserve your place at the workshop. Spaces are limited so book early to avoid disappointment! **Note**: cancellations made less than 48 hours before the workshop cannot be refunded.

PARTICIPANT DETAILS: Pretoria workshop (Woodhill) 2 March 2024
