

### The NumberSense Mathematics Programme team is presenting a workshop for Grade R to 7 numeracy/mathematics teachers:

In this workshop we will explore:

#### Friday:

#### **Beyond right or wrong: Developing assessments that show us what children know.**

- Collaborative planning session for meaningful mathematics assessment.
- A workshop for Grade 1-7 mathematics teachers.

#### Saturday:

#### **The 'NumberSense nudge': guiding children towards more efficient strategies.**

- A practical look at what we want from children in mathematics and how we achieve it.
- A workshop for Grade R-7 mathematics teachers.
